- Woran habt ihr gearbeitet?
- Was steht als nächstes an?

Präsidium

Signed the new partner contract with BailAdoro.

Räume

Mirek is finally getting his access and will be able to help soon.

I talked to Laszlo about getting the area in the GLC building on the A floor for dance courses (picture in the raum-ideen chat). It's approximately 9m*9m, but since this is not the room, just an area in front of elevators I am not sure how this can work with "renting" it. He said that if we are interested he can ask around the heads of surrounding labs for us, but he needs more information (which days and what time are interesting, I assume asking for time that starts before 18 is not appropriate; building is open until 20:30).

Events

Jose organized a TQ x Roter Tropfen event on March 15. With the focus on collecting donations for the NGO, it was an evening full of dancing, music and food. Well done Jose.

Matthias and the event tech team did the light and sound tech for the department party in NO on March 13. The old and new TQ-Equipment was put to a test and is now safely stored in the TQ Keller. Thanks Matthias for generating some income and checking some new locations.

Melody is organizing her first event happening on March 29: The springprom. As a small version of a ball this makes sure that an event is happening this spring (see more below). All the best with your first event Melody.

Tanzadmin

Dance classes are coming online nice and early, things on our side are going well except for Food&Lab communication/cancellation. Heike finally got access to a VSETH account and can officially help more :) Same for Aline.

IT

Lorenzo went to VSETH coding evening for an overview on the authentication pipeline through switchAAI. Necessary access has been requested and is pending execution from VSETH IT; some extra steps might be required from VSETH to expose the attribute of interest (whether a user is a student) to authorized clients.

Provided support to login to a couple of team members; will need to expand the wiki to explain the different accounts that need to be used to access different TQ platforms.

Kommunikation

No major updates, still looking for two people for the team: someone to help Hannah with design, and someone to take over poster hanging duties during Carolina's knee recovery (approx estimated return is May/June, thanks a lot for the supportive messages ❤️). If any poster hangings/deliveries are required for the semester for a specific event, reach out to the Comm team to find a solution until we find a replacement.

15' [Diskussion] Support of Show Groups

Matthias/Luca

In the past, there have been two show groups led by Chris which did not receive much support (except from the main support they got by the room reservations). In addition there is the Salsa Show Group. Now the general questions are the following:

- Do we want to support Show Groups? If yes, in what way?
- What are our conditions?
 - e.g. open to everyone from a certain level on
 - e.g. show for at least one TQ event

Note: This discussion is not urgent and can be moved to another day (more info at the meeting).

How do we want to handle Showgroups in the future? They need the same room, same teacher and cost money, but it is prestigious for TQ?

Cara: But what is missing then?

Matthias: It was not good how rooms were handled.

Chantal: There was confusion with the two showgroups on the course admin side. Where are our priorities?

Matthias: We should have Alex present to hear our and his opinion

Cara: Why?

Lucas: If it is about the general question, we don't need Alex.

Cara: What support is needed?

Matthias: More recognition within TQ and the board.

Chantal: We want to improve communication between Tanzadmin and showgroups and they should be asked what they need.

→ tell Alex

15' [Diskussion] Sponsoring

Luca

For the ETDS we have the possibility to get sponsorship from some companies. We give them some frame for recruiting. At the ETDS itself there is no such opportunity and the question is if there is one at another TQ event.

The question at hand is: Does TQ want such sponsoring or not?

Email Tom: [Bezüglich der Sponsoring Diskussion, falls ihr euch entscheidet Sponsoring zu machen hilft der VSETH gerne und kann dies auch zu firmen werben - wir haben neue](#)

Projekte am laufen die mit Kommissionen zusammenarbeiten um diverse Events zu sponsoren. Ist aber natürlich eure Entscheidung, was ihr sponsoren lassen wollt oder könnt.

Karl: ETDS got some declines from alumni networks and foundations, now looking into more. Now in general: Does TQ want sponsoring? If TQ doesn't, we still do sponsoring for ETDS.

Chantal: Is there a disadvantage to having ETDS sponsors and is there an advantage of having sponsors at TQ?

Money, but it also comes with responsibilities.

So in general we are not opposed....

Matthias: I support sponsoring, but understand it is difficult to get some. Just keep the balance between benefit and cost.

But we (aka Matthias and Lorenzo) don't want Instaposts about sponsors.

10' [Diskussion] TQ-Shirts

Luca

The surveys are updated and Daniel and Thore may have some feedback for me. Nevertheless, you need to discuss those two points:

- Team members and teachers get a free shirt, but do people get another T-shirt who already got one of the latest design?
- Old Team members get a shirt as well (e.g. Sascha, Jeannine, Michelle)

I suggest agreeing on both points since there have been many new people since the last time we ordered T-shirts and some people never had the chance to get one.

People who already have a cotton TQ shirt should not get another one for free.

Lucas: If you left, you don't get a T-shirt. If you're out, you're out.

There is confusion about what is paid by TQ and what is not (cotton or sport or both???) Looking into the last board meeting didn't clarify.

What about TQ just financing one red cotton t-shirt for everyone and the rest is paid by themselves?

It's different from the last time we had T-shirts.

Chantal: TQ pays for one red cotton shirt if you don't already have one. Everything else can be bought by anyone.

Vorschlag:

- Everyone (TQ board, team, teacher) who has not yet gotten a red TQ shirt in the current design will be able to order a red TQ cotton shirt for free.
- black cotton shirts as well as red or black sports shirts have to be paid for
- Hoodies and jackets are also available and have to be paid for by the people ordering.
- 20 (10x M, 10x XL) pink TQ shirts will be ordered for awareness purposes.

Abstimmung: einstimmig angenommen.

(ETDS could coordinate their merch with this order if needed)

5' [Anregung] Recruiting

Chantal

I had the idea of briefly visiting some courses in the next two weeks to say “hello, lovely that you are dancing, hope you’re having fun. If you’d like to, we are always looking for new people to help, either let me or your teachers know if you’d be interested. ok bye”.

Do we think this could be helpful? If yes, would some of you be available to visit some courses?

Everybody loves the idea and is willing to help if someone is taking a class themselves even better.

A sheet coordinating it would be nice

→ Chantal will do

5' [Information] Lucas leaves the Board

Lucas

In the past few months, I have not been able to fulfill my role as board member. At the current time, I do not want to bear the responsibility any longer.

I really care for Tanzquotient and do not want to leave, but I believe that this is the best decision for me right now 😞

Would love to facilitate the transition.

Cara: Who is on the team?

Nicolas and Marc

Matthias will facilitate meetings with everybody

Lucas giving a heartfelt speech (had a great time, was here because of the people and is not necessarily passionate about dancing ...)

THANK YOU LUCAS XOXO

10' [Information] Springprom 29.3.2025

Cara

Due to my misplanning, our Springball will happen as a Springprom on Saturday 29th of March in StuZ. Accompanied by Macadamia it will be a chill event with alcohol-free drinks, free entry, and a (Hannah Montana!!!) line dance.

Since I am absent myself. Melody takes over the orga of this event.

Cara will organize a cool team event.

Short disclaimer: Please come to a board meeting if you have indicated you would do so before.

Lorenzo takes a call.

10' [Information][Diskussion] ETDS

Karl

Karl will be present.

Registration and website is open now www.ETDS.ch

First lottery round on the 30th of March, three weeks later second lottery round. Number depends on SDS (SDS=Dutch people running tournament)

They had a meeting with the location, talked about catering and will finalize the room plan this week. Matthias will do his techie stuff.

Matthias: Can we take money from Springball?

Cara: ETDS is part of the reason there's no Springball, so they can not only take our bands and staff but also our money.

Chantal: What about people who only want to help? Shall we sign up officially?

Karl: Yes, please sign up officially.

Chantal: Maybe reach out to everyone within the TQ community if they want to help (if they don't wanna dance)

Already 200 signed up (last year had around 800 sign-ups). In total 600-650 spots.

OK gets a spot in the competition, everybody else from TQ is in the lottery.

0' [Anregung] Dance Weekend

Luca

We still don't have a person who wants to organize it. (copy from last board meeting)

Cara will reach out to cora and ask her if she would like to take the lead (together with Cara?). NO

5' [Anregung] ESF Infomail (25.9.2025)

Matthias

Dear student associations, committees, and other organisations,

Dear all, the ESF **will happen on the 25. of September!**

Whether you want to participate or not, we would like you to fill out the survey at the end of this mail, and to read through the information below.

What is ESF?

The ESF (Erst Semestrigen Fest) is a large event held annually to welcome the new students to ETH on Hönggerberg. We expect up to 5500 guests and will have two large tents, an open-air stage and multiple indoor stages where several bands and DJs will perform. We will also have 8 bars, which is where you come in.

What do we have to do with this?

All Student associations and other organisations can participate at the ESF, both in the lead up, during the event, and after the event. Student associations are even required to participate. In this mail, we would like to know whether you are interested in hosting a bar at the ESF.

What does hosting a bar entail?

If you decide to host a bar, the following will be guaranteed for you:

You will be able to reach many new students and promote your organisation

- You get to participate in one of the largest student parties in Switzerland
- Student associations and AnOrgs/AsOrgs can earn up to 1'000 CHF of the profits for themselves
- You can influence the look of your bar by decorating it
- All Bar managers that you provide will receive several workshops on how to run a bar so that they are prepared
- You can work with us to influence the menu of your bar

Hosting a bar at ESF can either be done alone (only recommended for large organisations) or together with another organisation. When hosting together, you can coordinate with your co-hosts how many helpers each of you bring. The final assignment to the bars, and who hosts alone or together will be done by the ESF team, but you can tell us your preference and we will do our best to accommodate everyone.

What about helpers?

You will have to provide all the helpers for your bar, including some who will decorate the bar the morning/afternoon of the event. During the event, we recommend you have between 4 and 6 people at all times, including the bar managers.

Every bar will also need two Bar managers, which will have to attend several workshops to make sure that they are properly instructed on how to run a bar safely and efficiently at such an event. To help you with your decision, we have already set the dates for the first two workshops, which will happen this semester.

Workshop 1:

- 14./15./16.04.2025

Workshop 2 will be in the beginning or middle of May.

It is a requirement for all bar managers to attend these workshops. If the person already has experience with running a bar, we can make exceptions on an individual basis, for this, please write us an email at bars@esf.ethz.ch

Where do I sign up? (until April 7th)

Best Wishes

Tomer & Jonny

Barteam ESF 24

We did it in HS23, not in HS24. It was fun but one person has to allocate their whole day to be there. Is there a benefit for TQ to host a bar at ESF?

→ Cara will talk about it with the event team (aka Melody) and they decide

5' **[Diskussion]** Room Capacity

Matthias

Why did the room capacity of Raum der Stille drop to 20 for Salsa?

Input Chantal: this is not new, see:  2024-02-20 Tanzquotient Boardmeeting.pdf (page 10)

Matthias (comment): Thanks, but then we should not have them in good rooms that can fit substantially more people..

Chantal (comment): we also talked about that last year already...

Matthias (comment): Good to have your memory :)

Input Alex: We can just up the number to 28.

Chantal (comment): No, not without checking in with the teachers beforehand. We had a lengthy discussion about this last year and came to the conclusion that we want to respect our teachers' wishes who at that time did not feel comfortable with more than 10 couples in salsa courses. So if we want to change this again I suggest talking to the teachers first and then coming up with a new solution if appropriate/needed.

[End of discussion](#)

0' **[Information]** Update on classes

Alex

Class planning is going well and ahead of schedule, would be nice to have more rooms to offer more but it's going well as is this semester :) Big Thanks to the team, especially Daniel and Heike!

0' [Information] Update on Anmeldungen

Matthias

There are two new people on the subscription team - Georg and Jenny! <3
Both have access now and will help out.

[Our reaction](#)

Replacement for Nadia (Ballroom Trainings) is needed, Matthias is on the lookout.

7' [Anregung] Make recaps more standard

Georg

Increase accessibility for students to practice steps at home by encouraging teachers to send recaps or the list of learned figures from lessons into group chat.

(This helped me tremendously in my Ballroom 1&2 days but as I later found out isn't common practice)

IMPORTANT: Do NOT force teachers to do this but rather encourage them as a means of helping their students learn faster. It should not be extra overhead for teachers (film summary or copy-paste figures from your notes)

Input Daniel: For Ballroom I would suggest to put it into the Course Concept and to tell the teachers. But should be optional for teachers (if they have some reasons against it). For other styles, idk how it is handled

Georg: For Lindy it's handled via students recording the summary and posting it in the group chat which works quite well.

→ Georg will talk to Dani about the ballroom courses, will delegate to Alex for the other admin teams.

10' [Entscheidung] AGB Anpassung Ausschluss

Cora/(Tobias)

Wie vor längerer Zeit besprochen, möchten wir in die [AGB](#) einen Artikel aufnehmen, um den Ausschluss von Personen zu ermöglichen. Dazu habe (ich) einen Vorschlag erarbeiten sollen. Vorschlag:

Nach Artikel 12 der AGBs einfügen (also als neuen Art. 13, alles dahinter neu nummerieren).

“Ausschluss. Insbesondere, jedoch nicht ausschliesslich, in Fällen von Mobbing, Belästigung, Diskriminierung, Bedrohung oder Gewalt können Personen von der Teilnahme an Kursen und Workshops ausgeschlossen werden. Im Zweifelsfall wird betroffenen Personen eine Anhörung durch den TQ Vorstand gewährt, welcher endgültig entscheidet. Eine Rückerstattung der Kursgebühr kann im Einzelfall gewährt werden.”

Überlegungen zu dieser Formulierung:

- Ermöglicht Ausschluss durch LP ohne Vorstand (wie wir z.B. für die Awareness-Themen besprochen hatten).
- Gibt ein Recht auf Anhörung (aber keine Diskussion) falls Uneinigkeit.
- Vorstand entscheidet endgültig.
- Rückerstattung kann im Einzelfall angeschaut werden.

Entscheid: Diese AGB Anpassung übernehmen ja/nein.

(Grundsätzlich würde ich gerne eine generelle Überarbeitung der AGBs anregen, um sie z.B. auch auf Veranstaltungen anwendbar zu machen. Ich kann gerne meine Gedanken dazu mit euch besprechen, falls ihr möchtet).

Cora:

Until now it is written:

“39. Exclusion of participants. Participants who endanger themselves or others can be excluded from the course after prior warning. This also applies if a participant disturbs the course to a large extent. This does not entitle the participant concerned to any reimbursement, change of course or other compensation.”

Suggestion: replace 39 with Tobias text

Cara: Sounds good

Matthias: Last sentence is not adding any value

Chantal: Currently sth about it is written, so we should keep it because mimimi.

Abstimmung: einstimmig angenommen

→ Lorenzo will go on the hunt for the German document. He will update the AGBs with the new text written above, the respective English text, and the new logo. Muchas gracias, señor.

5' [Anregung] Feedback/Wünsche ans Präsidium

Chantal

Cara: presidency is doing good, wishes that the board meetings could become more fun and like a team event again, not just a meeting that they have to attend to.

Karl: Matthias, please look older than 15. Lucas sieht auch zu jung aus.

[Anregung] TODOs

- Matthias: write message about replacements, then
 - Alex: Informs teacher about replacement structure
- Alex: write down agreement with room rent in wiki
- Chantal: inform Alex about show group decision
- Chantal: create google sheets to coordinate recruiting offensive in courses, inform people
- Karl: talk to Commteam about advertising helping at ETDS for TQ people
- Alex: talk to admin teams about recording recaps

- Cara: Propose some options for the TQ Team Event.

10' Abschluss

[Feststellung] Check-Out

Cara gives Lucas the honor to formulate the last check-out question while he's on the board (no pressure though).

Lucas: 🐜🐜🐜

Cara: on a scale of 1-10, how much will we miss Lucas?

Matthias: 10

Cara: 12

Karl: who is Lucas

Lorenzo: said 10 before

Georg: 12.5

Chantal: I won't miss him because I'll still see him :*
